Master in Finance
Ranking 2020

EADA Business School strengthens its position in the TOP 25 for financial training

- ***98% of participants find work within 3 months of completing the programme***

Barcelona, 15th June 2020. The International Master in Finance at EADA Business School has consolidated its position as one of the top 25 in the world for postgraduate financial training, according to the ***Master in Finance Ranking 2020***, published by the prestigious *Financial Times*. The yearlong programme is aimed at recent graduates wishing to pursue a career in the financial sector.

The ranking was compiled based on various qualitative and quantitative parameters such as salary received 3 years after training, labour market insertion 3 months after completing the programme, the percentage of international participants, female presence or the number of PhD holders in the faculty, among other aspects.

According to Jaume Bonet, Director of the International Master in Finance at EADA Business School, ***“employability has been one of EADA’s strengths for many years now. 98% of our students find work within three months of completing the master, which I think is an objective indicator of the excellent quality of the programme. It is also important to highlight the new criteria regarding student satisfaction, which has entered into the ranking this year. We are proud to announce an evaluation of 9.32/10 in this area”***.

EADA Business School Barcelona was founded in 1957 by a group of entrepreneurs and professionals as an ideologically and economically independent institution. As well as appearing in the recognised international rankings of the Financial Times and The Economist, it holds the EQUIS accreditation from the EFMD (European Foundation for Management Development) and the AMBA which recognises the quality of its MBA programmes.
